AMENDMENT

This is in response to the Final Office Action (Paper Number 13) mailed from the United States Patent and Trademark Office on May 21, 2001. A one month extension of time is respectfully requested and the appropriate fee is submitted concurrently herewith.

Telephone Interview with Examiner Naff

Applicants' representative conducted a telephone interview with Examiner Naff on August 23, 2001, during which rejections under 35 U.S.C. §§ 112 and 103 were discussed. Applicants thank Examiner Naff for the opportunity to discuss the merits of this application. Examiner Naff suggested that an amendment of claims 55 and 66 to include the limitation that the agent is not a substrate of transglutaminase would make the claims allowable over the prior art of record. Applicants have amended these claims accordingly.
